YOUNG WATER PROFESSIONAL / OBJECTIVES & MISSION

Young Professional Program (YWP): An AfWA program dedicated to young people between the ages of 18 and 35 who work in the field of water and sanitation or who have an interest in it.

Program objective: to provide opportunities for Networking for career development and support to the sector through:

- ✓ Supporting and developing activities or initiatives that empower YWPs to contribute to sector programs and provide leadership opportunities;
- ✓ Establishing a platform for knowledge development and sharing through AfWA events as well as collaboration with other organizations and programs;
- ✓ Increasing the involvement of young people in the sector through collaborations with national and regional associations.
